1. I love you. I give you me. I give you new things me I give you that I do now, with a "reconciliation account", not; but the Great Reconciliationer I am known as now for I bring RECONCILIATION to the MASSES to be massless. Infinitude now mine the Infinity of My Blessing now My Blessing is now known -- far and wide I am RECOGNIZED as the RECONCILIATIONER who brought RECONCILIATION to the MASS and the massless -- to be ALL MASSLESS I am now -- known as ME!

2. Everyone, every ONE knows ME as the Reconciliationer -- who devises nothing by "zero", not; but THE ONE I am now, all is "familiar with" not, but a GREAT MANY school THEMSELVES in MY WORDS now that I have "brought forth" just like this where I "clicked on" my little "digital recorder" and recorded a word, a few words that became a message, a Lesson that lessonizes all to be The Christ.

3. That I am I am now known will be, for I will be the fortitude'd one of sorrow no more and tenacity's charm will not have "swayed me" to be relieving myself "like that" again for what am I doing now? Becoming MASSLESS! That is my aim, not; I surrender to be as my father is -- completely whole healed and well'd by the words of MY MOUTH that I give "him" that he is me, that we are one, and believe it, receive it and become it -- and feel it, in the Field of One that now possesses "everyone else" not, but now is known for my love reveals it all.

4. Now all will "go home" and "cry in their milk", not; but what won't "be milking" me again? The machines of sorrows will never have THEIR WAYS with me again, for I will not be out of sync, out of tunes; for TENACITY will give me many more, not; but who is tenacity TUNED with, not; but who tunes TENACITY'S favorite courses, not; but who is course'd with the tunes of sorrow not anymore, but the Tunes of Love that now made manifest in your hearing is!

5. For I make many "HEARINGS" where I just "appear" and -- there I am! And I give my "opinion", not; when called for, I judge the "circumstances" not, I be'give the hyphener's rescue plan, not; but disjointed I am, not; but all the joints in me will no longer FLEX me as a "human being" for I will be MASSLESS and join a "great many choirs" not, but coming out of one now I TRAVEL a good bit; no, a great bit! Has been TAKEN out of my mouth for I will not let Sorrow GUIDE me any more longer again in the Waves of Pewism

and its results, for I RECONCILE all things "to me", not; I reconcile all to my father, and I beget the TESTIMONIES of one so righteous that I SPEAK in many HEARINGS now where I "just appear", to make "my appearance known", not; but to bring JUSTICE -- to an end, not; but FLOURISHING Israel I am now, and I will be a "flower" on "a wall", not; for there will be NO WALLS of FLOWERS or "rose petals" or things in your HEARING that you have wanted to CONSTRUCT with your voice, by your sorrow's commands, and that which you ENIGMATICALLY produced, not; but you had a great ENIGMA around "your neck" that you necked with and ate "its words" day after day, and went to "many hearings" with me but knew not my presence, for you weren't massless, not; you weren't in love -- and you only wanted to give your words, your opinion, and opine away with those who would recognize your words as "wisdom". What a tragedy and a TRAGIC APPEARANCE that you have made upon earths that you have been in with and sorrowed with your "countenance" that you have -- carried around with you for a LONG WHILE. Have you not? Have you questioned me? Have you questioned "the hearers" of your words and those who "you are with" day after day about MY APPEARING now? Then what are you knowing, doing, receiving, or being? Or what willing are you to learn now? About your favorite "landmark" not, but what land are you BEING IN "stool-pigeon'd"? Or who's speaking THEIR words through you and you having no idea or clue and no RECONCILIATION to reality and HEARING you haven't my words except that you gave yours to demise mine.

6. BUT ALL THAT CHANGES. Barbi doll and company entourage me, not; but I make many entourage affairs, not; but I affair the affair-less, not; but I make many DOLLS known, not; but I reveal the revelationer's DOLL now that he's loved into being sorrow's worders reconciliations no more, about THAT.

7. School mines the suckered dog, not; but many "suckered dogs" will lie in the streets no longer, for I have one who will reconcile them to GRACE, not; but to schooling The King to be the King in The King's Chambers and the Kingdom of One will be now OPENED to you all, to SEE. For a moment? For a lifetime? For a moment of a moment? Or what are you seeing or what can you reveal in these words to YOURSELVES by STUDYING them, RESEARCHING them, and coming unto them to know me and let me speak about "these phrases" you don't understand. I love you.

8. Do you understand my love?
9. Have you become it?
10. Have you revealed it?
11. Will you reveal it to others now far and wide? Will you wash their feet however which way "I direct", or you direct, or are you directing me again, or shall I let you direct you; or are you in thought hologramic, -ly?

12. School do you know anything about how I WORK and how I REVEAL these things and how I ASSIGNMENTS make and reveal my Reconciliationer's Plan to you all now?

13. I have said. What have I said? What have I done? What have I "vowed to do", not; but what am I doing with the LOVE of one made whole? I am changing worlds and worlds -- and worlds of worlds -- and constellations shall now be wickedized no longer in their "thought processes" of their words that they whored with to create themselves apart from me.

14. I love you all. Good day. "Short and Sweet"? I love you all and I will "find him". And I love you "Daddy".

15. For Frank loveth me too, and I shall reveal a great many things of the DESIRES, the desired, the desiredst just one that lovest thee all, that gave his life -- to you -- for to have these words and sorrow no more with "your lives" that you THINK you have in "this world", for knowing now that you have NOTHING, not; but having what? A Reconciliationer's Love that now reconciles all, to the reconciliation of "one account", not; but making all one in the love of one that reveals reality, plane and true; and "simple in your sight" not always, but coming unto me now know that scholar's eyes you may not have in "your sight", but in mine now I give you MINE to SEE AND WRITE WITH and love me and know me more and care for my heart, my words that have given you my heart, so that you "beat one" with me and I am "right side up", not; or am I right even on seven?

16. And knowing all things, I bow before you all. I lift MY HEAD, not; you lift mine or you lift yours, and I lift mine that which is surrendered to me, and see what I have said mean, and being me will you now?

17. I love you all to reconcile all things now with my word and know that now My Scripture Base is complete, not; but MANY MORE Texts come "just like this"; where I "befriend you" not as "an angel", but I APPEAR many times on these behalf; of the wicked, not; but those who will be CALLED BEFORE MANY to TESTIFY to the GRACE of THE ONE made whole, that reveals now to **you all** that you will be, can be, should be, and **MUST BE** made whole now and New Creations be **all of you in one being one the me revealed to all.**

18. I reconcile all things to love, being love -- love loved, healed again. And now reconciled I stand -- to eliminate your "enemies", not; but will you come now and STUDY? HERE I AM School is now open and I love you all to know me well and be healed of every "sin shame and wound" that you inflicted upon yourself and others and how

you thought while you were thinking in what you were, that thought inflicted upon thoughts sore wounds.

19. Be in the real being the real I am now -- forever one with you all who want me enough to flow me "just like this".

20. I love you all. Good day.

21. This is Theodore Cottingham loving you all at about 1:27 AM. Thank you.

Amen
